Mr. Joyce and his brother, Milton C. Joyce came to Clinton from Trenton, Oneida county, in the northwest corner of the town, where they resided to this date; they were among the largest and most successful farmers in the town, owning 480 acres of most excellent land, and large numbers of swine, cattle and horses. Although he was in feeble health, he was nevertheless a man of great energy and vigor, and his death was a great loss to the community. One particular feature of his life was that he never married, but lived by himself, doing his own housework, while carrying on, as they did in their younger days, extensive farm operations. The deceased was 68 years old at the time of his death.

Fire At Johnston.

A telephonic message from Johnston to-day gives particulars of the burning of the fine farm house belonging to the William Zull estate, and now owned by James Shields, and was situated about half a mile east of old Johnston.

This morning about nine o'clock a fire was discovered in the second story, but nothing could be done to save the building.

It was soon a total loss, including everything in the second story and the furniture on the first floor. Nearly all the furniture on the first floor was saved.

The loss on the house will not be far from \$2,000, and on the contents from \$300 to \$400. It was an excellent house, and can hardly be replaced for that amount.

It was insured in the town insurance company, but for what amount we have not been able to state.

The fire is supposed to have taken from the chimney in the second story, in which there probably was a defect.

Away Off.

Last evening's edition of a paper published in Beloit contains a long article on the commitment of tramps in the county jail, the only object of which is the spreading before the public a list of figures purporting to be a list of the commitments to the county jail for the past two years.

Without going over the entire ground covered by the article referred to, we will produce the figures published by the Beloit paper:

From January 1, 1883, to March 10th, whole number committed.

Of which—

Beloit city committed.

How near to the truth the Beloit paper came, may be inferred by reading the following correct list of the commitments during the time mentioned, as taken from commitment papers on file in the sheriff's office:

Personal.

—Mr. F. C. Cook left for Minneapolis to-day on a business trip.

—Mrs. C. G. Tibbitts started for St. Paul yesterday where she will visit her husband a week or so.

—Mr. T. J. Russell left for Hinesville, Alabama, to-day, to join the Miles Orion show which starts out by rail April 4th. He has charge of privileges.

—Captain Smith, of Janesville, arrived in the city last evening, and will begin making arrangements to enter into business at once. —Rockford Gazette.

—Mr. B. H. Baldwin, the yard master of the Chicago and Northwestern railway in this city, is out of humor just now, in fact he has been in a serious and melancholy state of mind ever since the return of Mr. John Carpenter from a trip to Dakota.

The cause of this gloomy and morose feeling on the part of Bart is twenty years ago he "skipped" away from his paternal home down east, with the bold determination to engage in the great war for the Union.

Soon he found himself in the sucker state, and a member of one of Dick Yates' cavalry regiments. He served his country well, and at the close of the great struggle he received papers from the government that afterwards, some two years ago, proved to be a quarter section of Uncle Sam's farm.

Bart went to Dakota and located his land. Soon after he received a good offer for his claim, and thinking that the offer was all the land would bring or was worth, he accepted. Mr. Carpenter now reports to Bart that the city of Huron, with four thousand inhabitants, is partly located on that quarter section, and that after disposing of numerous corner lots at fabulous
